

***“The Tools of Science in a Tactical Arms Race:
New Frontiers for Human Rights Defense”***

Scott Edwards
Director, Science for Human Rights Program
Amnesty International USA

**Thursday, July 14, 2011
3:00 pm - 4:00 pm
Redfield Auditorium
Woods Hole Oceanographic Institution
Woods Hole, MA**

Please join us to hear about how technology, from satellite imaging to smart phones, is dramatically shifting human rights research and advocacy.
