

The WHOI Women's Committee is proud to announce two upcoming events exploring various roles of women in science:

Biology department seminar by Clarice Yentsch

Empowering the Woman Scientist

Sept. 10 • 12:00pm • Redfield Auditorium

Dr. Clarice Yentsch, author of “The Woman Scientist: Meeting the Challenges for a Successful Career,” has spent her professional life pursuing marine research and education that promotes systems thinking, sustainability and stewardship. Clarice is the co-founder of the Bigelow Laboratories for Ocean Sciences, and worked there as a research scientist for nearly 20 years, investigating marine optical properties, dinoflagellate ecology, and flow cytometry. She has had a second career in education and outreach, focusing on teacher professional development, curriculum development and systemic reform, as well as collaborations with a number of national museums. Clarice earned her Master's degree from Univ. of Wisconsin, and her Ph.D. from Nova Southeastern University, where she is currently a research scientist and adjunct professor. She is president of the Waypoint Foundation, a non-profit organization to promote and celebrate human creativity by providing an environment conducive to observations, creative works, learning, sharing and collaborations.

Panel and Lunch event

Women in Science: Perspectives and Pathways

Sept. 11 • 11:30am • Clark, Room 507

Participants:

Clarice Yentsch, Adjunct Professor, NSU

Kate Ackerman, Geologist, USGS

Colleen Hansel, Assoc. Scientist, WHOI

Marti Jeglinski, Research Asst., WHOI

Sofie Van Parijs, Scientist, NOAA

The Committee will host a panel representing women from different organizations and career stages from the Woods Hole science community. The panel discussion will explore personal perspectives formed during the evolution of different career paths.

Informal discussion will continue over lunch, provided by the Women's Committee, immediately following the panel. All members of the Woods Hole science community (men and women) are welcome to attend.

To RSVP for lunch: sciencewomen.eventbrite.com by Sept. 3

Please contact Danie Kinkade (dkinkade@whoi.edu) for questions or more information.
