Woods Hole Village

Please RSVP:

wrubenstein@bbbscci.org

Complimentary food
and drinks provided!

ABOUT BIG BROTHERS BIG SISTERS OF CAPE COD & THE ISLANDS

We believe every Cape child deserves a chance to see their potential realized. By matching adult mentors, like YOU, with a child, BBBSCCI defends potential in every child we serve!

PROGRAM REQUIREMENTS

Volunteers must be 18 or older, and:

Available to mentor for a minimum of 1 year

Meet in person or via Skype for a 1-hour Interview and provide 3 References

SO, WHAT'S IT REALLY LIKE TO BE A BIG?

The best way to find out: meet current Big, and Environmental Chemistry Fellow, Dr. Mike Mazzotta! Share pizza and beverages with Mike and BBBSCCI staff, while learning about the Match Process. You'll hear about the choice between: A Site-based Match at the local Boys & Girls Club, meeting afterschool with your Little, or a Community-based Match where you spend time with your Little on your schedule out in the community! (Mike, pictured with his Little Ethan, is the Camille and Henry Dreyfus Environmental Chemistry Fellow in the Saito Laboratory in the Department of Marine Chemistry and Geochemistry at WHOI.)

READY TO BECOME A BIG AND IGNITE POTENTIAL? JOIN US OCT. 24TH AND MAKE AN IMPACT!
