

Help Pass Child Care Legislation by July 31!

On May 18, the Legislature's Education Committee approved a landmark bill, H.4795/S.2883, titled *An Act to Expand Access to High-Quality, Affordable Early Education and Care*. Major sections of it are heavily based on the Common Start bill, and **we are thrilled that it strongly reflects many of our coalition's core principles and proposed solutions to the childcare crisis.**

We have until the end of the current legislative session on July 31 to pass H.4795/S.2883 and make progress this year on transforming the childcare system in Massachusetts - **email your legislator today!**
