

TEACHERS!!

Interested in how to get your students excited to help solve climate change?

Need more cool hands-on STEM activities?

Join us for 5 days at the KidWind Offshore Wind Academy.

Earn money while learning hands-on about offshore wind this summer at the beautiful Massachusetts Maritime Academy in Bourne. July 24-29th, 2022-food & housing included!

As a teacher you will receive both a stipend and a travel allowance for attendance, along with 1 graduate education credit for your participation in this fun week-long program.

The Academy will introduce you and other educators from Gateway Communities across Massachusetts to the offshore wind industry. You will learn how to use the KidWind curriculum to teach hands-on STEM-based activities that model careers in the growing offshore wind industry that promotes engagement with renewable energy. Field trips and guest speakers will highlight the opportunities for your students to become skilled professionals and leaders in the offshore wind industry.

Enrollment is limited for this exciting program, so please sign up now for more information and an application.
